

## **Student~Family NEW BUS PICK-UP RULES** **Monday, August 30, 2010**

This notice is to remind you of important bus and parking procedures for you and your children. Most importantly there can be ***no parent cars parked in the North Parking Lot after school*** because the new bus plan calls for all 5 busses to come through that parking lot at 3:25. Teachers will be walking their classes to the busses to ensure students get on the proper bus. Therefore we ***ask parents not to park in the North Lot between the hours of 2:30 to 4:00.***

Just like last year, ***parent pick-up in the afternoon is in the South Parking Lot*** in front of the old school where your children will be waiting supervised by a school staff member. Please also use this spot ***for dropping-off in the morning*** as busses also use the North lot in the morning.

For the safety of all children, just like last year, there will be a ***yellow chain closing the South Parking Lot between 10am and 2:20pm.*** This is so students are safe during recess periods on the black top near the recess area. If you are coming to the office during this time ***please park in the North Parking Lot*** and walk around to the office. The ***North entrance way is locked*** all day after students enter the building for building safety.

Sincerely,

Mr. Galvin & Mrs. Dawe
