Regular Goofy

AGREEMENT

I agree upon behalf of myself or the minor user I am representing to accept AS IS all equipment to be provided during a Bridger Bowl Ski Program, and I agree to accept full financial responsibility for the care of the equipment while it is in the user's possession.

I agree that either I, or a second rental shop technician, will execute the verification of the visual indicator settings for each session. All user information I provide will be true and correct.

WARNING, ASSUMPTION OF RISK, LIABILITY RELEASE, INDEMNITY and HOLD HARMLESS AGREEMENT and AGREEMENT NOT TO SUE
PLEASE READ CAREFULLY BEFORE SIGNING

I understand and agree that skiing, snowboarding and related activities are HAZARDOUS and that injuries are common and ordinary occurrences during these activities. I AGREE TO ASSUME ALL RISKS of death or of injury to any part of the user's body while using this equipment.

For Alpine Ski Equipment: I understand the ski-boot-binding system is designed to release the boot from the ski when certain forces on the system reach preset values, but that the binding WILL NOT RELEASE OR RETAIN at all times where release or retention may prevent injury, and that it CANNOT prevent all injuries to any part of the user's body.

For Snowboards, Skiboards: I understand that these systems function differently from Alpine ski bindings in that snowboard and skiboard bindings WILL NOT RELEASE in falls or accidents. I understand and agree that these systems DO NOT PROTECT against any type of injury and that any injuries resulting from these circumstances are inherent risks of the sport.

I understand and agree that certain risks of skiing and snowboarding may be reduced, but not entirely eliminated, by taking lessons, by following "YOUR RESPONSIBILITY CODE" which is posted at most wintersports areas and by using reasonable care and common sense.

To the fullest extent allowed by law, I hereby agree to forever RELEASE AND HOLD HARMLESS Bridger Bowl Inc., and all manufacturers and distributors of this equipment, as well as their owners, agents, employees and affiliated companies, from ANY AND ALL RESPONSIBILITY OR LEGAL LIABILITY for any injuries, damages or death to any user of any equipment listed on this form, whether resulting from NEGLIGENCE or any other cause.

I accept this equipment "AS IS" and with NO WARRANTIES, express or implied, beyond those stated in this agreement and in the manufacturer's written limited warranty, if any.

This document is a LEGALLY BINDING CONTRACT which supersedes any other agreements by or between the parties, and which constitutes the FINAL AND ENTIRE AGREEMENT regarding this transaction and this equipment. This agreement is intended to provide a COMPREHENSIVE RELEASE OF ALL LEGAL LIABILITY, which is binding upon and for the benefit of all parties, their heirs, agents and assigns, but it is not intended to assert any claims or defenses that are prohibited by law.

I HAVE CAREFULLY READ, UNDERSTOOD AND AGREED TO THE TERMS OF THIS WARNING, ASSUMPTION OF RISK, LIABILITY RELEASE, INDEMNITY AND HOLD HARMLESS AGREEMENT AND AGREEMENT NOT TO SUE. I AM AWARE THAT THIS IS A LEGALLY BINDING CONTRACT.

Signature of Equipment User: Date:

Parent/Guardian/Agent: I verify that I am the parent, guardian or agent of the Equipment User and that I have the authority to enter into this agreement on behalf of the Equipment User and I agree to be bound by the terms of this Warning, Assumption of Risk, Liability Release, Indemnity and Hold Harmless Agreement and Agreement Not to Sue.

Signature of Parent/Guardian/Agent: Date:

CHOOSE YOUR SKIER TYPE

Selecting Your Skier Type is Your Responsibility!

Your skier type, height, weight, age and ski boot sole length are used by the shop technician to determine the release/retention settings of your bindings. It is important to provide accurate information. Inaccurate information may increase your risk of injury.

Consult the following descriptions to select your Skier Type.

TYPE I **Ski Cautiously**

- Prefer slower speeds.
- Prefer cautious skiing on smooth slopes of gentle to moderate pitch.
- Prefer lower than average release/retention settings.
- Prefer an increased risk of inadvertent binding release in order to gain increased releasability in a fall.
- Entry-level skiers uncertain of their classification.

TYPE II **Ski Moderately**

- Prefer a variety of speeds.
- Prefer to ski on varied terrain.
- Skiers not classified as Type I or Type III.
- Prefer average release/retention settings appropriate for most recreational skiing.

TYPE III **Ski Aggressively**

- Prefer faster speeds.
- Prefer fast and aggressive skiing on slopes of moderate to steep pitch.
- Prefer higher than average release/retention settings.
- Prefer decreased releaseability in a fall in order to gain decreased risk of inadvertent binding release.

If, from experience, you have been dissatisfied with the release/retention settings that result from your normal skier classification, or if you have some other special concern, you may wish to select lower or higher skier classifications ((**Type -I**) or (**Type III+**)) or select skier type designations that are different for twist and forward lean. Mention your dissatisfaction to your binding technician.

(**Type -I**) is for skiers who desire lower release/retention settings than Type I and will further increase the risk of inadvertent binding release in order to gain increased releasability in a fall.

(**Type III+**) is for skiers who desire higher release/retention settings than Type III and will further decrease releasability in a fall in order to gain decreased risk of inadvertent binding release.
